## ROBISON TO TESTIFY AT HEARING

### Thalia Well's Production Increased to 480 Barrels Daily

#### HOME TOWN STUFF

It isn't often that people spend money trying to give something away. But it happened yesterday when W. T. Waggoner Estate inserted a quarter-page ad in this newspaper calling attention to the fact that there are about 500 loads of wood to be had for the hauling. This came about because the timber is being cleared off the site of the lake on Beaver Creek, south of Vernon. The cleared land will be covered with water when the dam is completed and it is desirable to have all the timber cleared away. Unless the wood can be given away, it will be necessary to burn it. That ought not to be necessary. It is a chance to get some good fuel at the cost of nothing more than the trouble of hauling it. There was a time when this kind of an offer would have created a sensation, but Bob More, the Waggoner representative here, is at least hopeful that he can give away the wood.

One of the newspaper men who visited here week before last, in writing up his visit to Vernon referred to Grady Shipp as the "farmer-secretary" of the Chamber of Commerce. On the day the editors were here Mr. Shipp was a very busy man and probably that particular editor simply judged him by appearances.

A new terrazo floor has been laid in the banking room of the Farmers State Bank building. The new floor adds greatly to the appearance of the banking room.

Mr. L. K. Johnson is walking with a very pronounced limp, due to injuries received a few days ago when he fell or was thrown from a horse during a round-up on his Ponderosa County ranch. Some of the members of the local riding club have entered objections. They say that such behavior is permissible only in the Prince of Wales and certain members of the local organization.

Water line for the paving work on Lee Highway is being laid in the vicinity of Lockett. This project, when completed, will be one of the prettiest stretches of road to be found anywhere. It is unfortunate that it will be finished in time for use in hauling this fall's cotton to gin and to market.

From Amarillo comes a complimentary pass for a big rodeo to be held there on July 3 and 4. Also the writer of this column has received a complimentary ticket to the automobile races to be held in Abilene on the same dates. But most important, H. T. has been invited to attend the rodeo in Odell on the 3rd and 4th of July. He is not greatly interested in rodeos on account of some unpleasant experiences in his younger days. H. T. once had an ambition to become a tamer of wild horses. His first effort was not much of a success, so the idea was abandoned, but if H. T. does attend a rodeo on or about July 4th, it will be the Odell rodeo. He will feel much more at home among his friends at Odell than he would in cities like Abilene or Amarillo. However, the complimentary tickets are appreciated and the reading notices will be run. Don't get the idea that H. T. is so popular that managers of fairs and rodeos send him tickets out of the fullness of their hearts. They do not. They send publicity matter, which is really advertising, to be run in the paper. They hope to get the publicity and don't care a fig whether the editor attends the show.

Our idea of a poor way to use up your future is to spin a yo-yo. No yo-yo addict was ever elected President of the United States.

#### Sustains Arm Cut

E. W. Marrs of Vernon, is in a Vernon hospital for treatment of a badly cut right arm, which he sustained this morning while driving a truck.

#### FLOW BOOSTED AS MORE SAND IS PENETRATED

Discovery Well Now Has About Twenty-Five Feet of Producing Formation and Interest in Area Soars to New Heights as Production Rises.

Interest in the new Thalia oil field was carried to a new height late Monday with the announcement that the Shell Petroleum Company's discovery well No. 1 is now flowing at the rate of 20 barrels per hour. This new flow came after the well was drilled to the 2,039-foot level, boosting the production into the 500-barrel class with a flow of 480 barrels daily.

The well now has about 25 feet of oil sand, and drillers are waiting orders from operators as to the next move. Production was first brought in at the well at the 2,023-foot level in nine feet of pay and drilled deeper for several days without gauging the flow.

#### Several Locations.

The new producer is located four miles from the Wilbarger County line in Ford County in section 3, G. C. & S. F. survey. It is one mile north of Thalia.

Drilling activity is expected to start at half a dozen other locations in the Thalia district at once. Several locations have already been made and a few rigs have been erected, while materials for others are on the locations.

#### Second Test Delayed.

It is expected that the Bass-Dillard well in section 276, H. & T. C. survey, about a mile west and north of the Shell Company's producer, will resume active drilling this week. Operations at this well have been held up by a fishing job. The well is now about 1,800 feet deep.

Leasing activity in the Thalia field covers a strip of territory about 10 miles long by four miles wide, but will probably take in more acreage soon, with new developments in the field.

#### AMBASSADOR TO ROME RESIGNS

FLETCHER QUILTS AFTER TWENTY-SEVEN YEARS IN SERVICE

Washington, June 25.—(AP)—The resignation of Henry P. Fletcher as ambassador to Rome, has been accepted by President Hoover.

Mr. Fletcher, whose home is in Pennsylvania, retired on his motion after 27 years service in the diplomatic corps. During that time he has represented the American Government at such important posts as Mexico City and Santiago, Chile, as well as Rome. He also served as undersecretary of state under Charles Evans Hughes, and he accompanied the President on his South American tour.

London, June 25.—(AP)—Two United States Ambassadors, Charles G. Dawes and Hugh S. Gibson, were in conference at the American embassy today on problems of the American Government and its international relations.

The ambassadors, one of whom is accredited to Great Britain and the other to Belgium, were understood to be discussing the general European situation and the special topic of naval disarmament. It was believed the meeting of the two envoys was another step in the movement for fixation of a naval strength standard, outstanding question between the two English speaking nations.

Paris, June 25.—(AP)—Marking the close of a war by Paris police on doctors who "wounded" their own patients to enable the patients to collect damages, one Paris doctor has been sentenced to two years in prison, a fine, and ordered not to practice medicine for ten years.

#### BOY CONFESSES HE KILLED DAD FOR FUSSING AT HIM

Pine Bluff, Ark., June 25.—(AP)—Jefferson county authorities announced today that Otis Hankins, 14-year old farm boy, had confessed that he killed his father, Wes W. Hankins, 60, well-to-do farmer, at their home near here yesterday because his parent had "fussed" at him. The boy is in custody of his uncle pending a coroner's inquest.

#### TEXAN URGES TARIFF CHANGE

INCREASE OF FIVE CENTS ON WOOL DUTIES IS ADVOCATED

Washington, June 25.—(AP)—An increase of five cents a pound in the present duty of 31 cents on raw clothing wool, and the application of the full rate to wool not finer than number 50 grade, and hair of camel, was advocated before the Senate finance sub-committee today by C. C. Belcher, Del Rio, Texas, representing the Texas Sheep & Goat Raisers' Association.

The House tariff bill provides a rate of 34 cents on raw wools used for clothing and 24 cents on coarser wools between numbers 40 and 44. Belcher declared this differential discriminated against mohair producers of Texas, whose output represented 80 per cent of the total American production. While coarser imported wools used for clothing do not compete much with domestic wool, Belcher said, they do compete directly with Texas mohair, and should bear the same rate of duty as finer wools.

#### Corsicana Youth Texas Entry in Edison Contest

Austin, June 25.—(AP)—Thurman Evans, Corsicana youth, will represent Texas in a nation-wide contest to select an aide to Thomas A. Edison.

Evans survived scientific tests given 50 boys, he was declared by a committee to be best fitted to aid the aged inventor of a group of 13 who survived preliminary eliminations and who were interviewed by the committee last night.

A four-year technical scholarship, offered by Edison, will be the goal of the Corsicana lad in the nation-wide contest.

#### BUILDING AND LOAN TO BE UNDER BANK BOARD

Austin, June 25.—(AP)—The House today finally passed the bill placing regulation of building and loan associations under the state banking department. Heretofore they have been under the insurance commission.

The two departments were formerly one, but were separated in recent years.

Under the new bill, bank examiners will be permitted to check the books of building and loan associations.

#### MEXICAN REBEL GENERAL AND STAFF CAPTURED

Caracas, Venezuela, June 25.—(AP)—The rebel General Jose Rafael Galdon and his staff were captured by government forces on Sunday at La Saranita, state of Zamora.

#### HOPE WANING FOR SPANISH OCEAN FLYERS

Efforts to Locate Missing Plane Are Increased by Fear That Disaster Has Overtaken Crew of Ship Is Held Generally in Spain.

Madrid, June 25.—(AP)—Fear increased today that disaster had overtaken Major Ramon Franco and his three companions in their hydro-airplane, which disappeared Saturday morning in a trans-Atlantic flight adventure.

Premier Primo de Rivera particularly was pessimistic, remarking the "Ujiter," as the plane sometimes was designated, could perhaps float for a few hours in a sea as calm as a mill pond. Unfortunately, he continued, it was believed a heavy sea was running, and if the hydro-airplane fell rather than alighted gently it probably sank immediately. The minister of marine, agreed with his pessimistic view.

Efforts to locate the missing plane, which set out from Cartagena at 4:50 p. m. Friday, intending to stop at the Azores en route to New York, were increased.

Two huge seaplanes left the air-drome at Marchica, stopped for refueling at Punta Sebo, Huelva, and (Continued on page two.)

#### OIL PRODUCTION SOARS UPWARD

WEST TEXAS ONLY MAJOR AREA NOT REPORTING AN INCREASE

Tulsa, Okla., June 25.—(AP)—With the exception of West Texas, virtually every major field in the United States reported increased crude oil production during the week ending June 22 over the week ending June 15, the Oil and Gas Journal here says today. The increase in daily average production of light and heavy gravity oil in the country was 46,243 barrels.

The total daily average production of all fields as estimated by the Journal was 2,790,129 as compared to 2,743,186. Light oil increased 45,416 barrels; heavy oil approximately 1,000 barrels daily during the week.

A general increase in all minor divisions of the Oklahoma area brought a total increase of 4,920 barrels. West Texas drop was approximately 100 barrels. The total midcontinent area increase in light oil was approximately 8,616 barrels while heavy oil production in that area remained constant.

#### SOUTHERN CROSS PILOT TO MAKE ANOTHER OCEAN HOP

Sydney, N. S. W., June 25.—(AP)—Captain Charles Kingsford Smith, trans-Pacific aviator, made a new start today on an attempt to break the speed record for flight between here and England.

He flew the Southern Cross, the same plane in which he once successfully negotiated the Pacific, and in which he and three companions were forced down recently in the wilds of western Australia. They were rescued after many days, two other aviators losing their lives in the search for them.

He planned today to make a non-stop flight across the Australian continent to Derby, northwest Australia, from where he would begin his overseas flight.

#### CHURCH HAS INTEREST IN NEW KANSAS OIL WELL

Wichita, Kas., June 25.—(AP)—The new Methodist church that the Rev. R. L. Dadisman and members of his flock at the little Sedgwick County town of Greenwich have longed for probably will rise from the flow of a townsite oil well.

#### MAYOR DITCHES STREET TO SLOW UP TRAFFIC

Hysham, Mont., June 25.—(AP)—No longer will tourists on their way to Glacier National Park speed through this town in a swirling cloud of dust.

Mayor W. L. Wright, yesterday plowed long furrows down the main street, which also is the state highway.

"And if that doesn't stop 'em I'll make 'em bigger and better furrows," he avowed as he finished.

#### BIG RURAL AID FUND LOOMS

COMMITTEE REPORT SETS AMOUNT AT \$5,500,000 FOR BIENNUM

Austin, June 25.—(AP)—The greatest rural aid appropriation in the state's history loomed ahead today through acceptance by the Senate of a conference committee's report setting the amount at \$5,500,000 for the biennium.

#### UNIVERSITY PRESIDENT SEEKS DIVORCE IN COURT

Ann Arbor, Mich., June 25.—(AP)—Dr. Clarence Cook Little, retiring president of the University of Michigan, last week filed suit here for divorce from Mrs. Katherine Andrews Little, it became known last night.

#### HUSBAND AND WIFE HELD IN THEFT OF JEWELRY

Chicago, June 25.—(AP)—Mrs. Benjamin Bogaus, the former Ethelred Terry of the musical comedy stage, and her husband, a real estate dealer, were held for questioning today in connection with the investigation of Mrs. Bogaus' jewels' yesterday.

#### IMPORTANT NEGOTIATIONS LAUNCHED BY LABORITES

London, June 2.—(AP)—Important negotiations by the new Labor government on empire affairs, including the question of resumption of diplomatic relations with Soviet Russia, were announced today to be in progress on labor's first day of parliamentary life.

#### WOMAN ABSOLVED OF SLAYING PLOT CHARGES

Mexico City, June 25.—(AP)—Mrs. Soledad Morales de Learn, Mexican wife of an American wild animal hunter, has been released from prison and absolved of charges in connection with alleged attempt to poison William A. King, her husband's professional rival.

Mrs. Learn was arrested Sunday afternoon purporting to show she had attempted to remove King from a venue change. Recently, in a Groesbeck trial, Davidson was convicted of slaying his step-mother and sentenced to 39 years. He is to be tried here for killing his father.

#### TWO PERSONS ARE KILLED IN AUTO ACCIDENT

Texan Loses Life When Projection From Truck Strikes Automobile in Louisiana—Third Passenger Is Probably Fatally Injured.

Lafayette, La., June 25.—(AP)—Two persons were killed and a third seriously injured in an automobile accident at Broussard, this morning.

Mrs. Etule Romero, 40, of New Iberia, La., and Howard Brown, Beaumont, Texas, oil company employee, were instantly killed. Howard Viator, of New Iberia, driver of the automobile was injured, possibly fatally. Mrs. Romero was the mother of six children.

C. J. Hagan, of Beaumont, owner of the machine and Miss Alice Chazon, 16, of New Iberia, escaped with minor injuries.

The car, en route from New Iberia to Lafayette, was said to have been struck by a projection of frame material loaded on a truck owned by W. J. Talbot of this city and driven by Paul Bernard.

#### YATES OUTPUT CURB FAVORED

UNANIMOUS TESTIMONY IN FAVOR OF PRORATION EXTENSION GIVEN

Fort Worth, June 25.—(AP)—Unanimous testimony that proration in the Yates pool of Pecos County should be extended for another six months after July 1 and that the outlet should be 130,000 barrels per day instead of 100,000 was presented to the Texas Railroad Commission at a hearing here today. It was expected the Commission would approve the recommendations.

Those testifying included W. A. Moncrief, chairman of the operators' advisory committee, T. C. Allison, district manager for the Shell Oil Company, F. J. Adams, general agent for the Gulf Oil Company and Warner Clark, manager in this district for the California Company (Standard of California). The testimony was conducted by Hines Baker of the legal staff of the Humble Company.

#### SOLD FOR FARM HORSE, WINS IN TURF CLASSIC

Budapest, June 25.—(AP)—Condemned and sold a few months ago by his former owner for \$70 because he considered him "fit only for the plow," a three-year-old horse named Rabalo, today won the Hungarian national derby and a \$10,000 prize against a field of 21 of the country's thoroughbreds.

#### DAVIDSON FACES SECOND TRAIL ON MURDER CHARGE

Corsicana, Texas, June 25.—(AP)—Lloyd Davidson, charged with slaying his father and step-mother near Mexico and then burning their home, has been placed in the Navarro County jail to await trial. The case was brought to Corsicana from Groesbeck on a venue change. Recently, in a Groesbeck trial, Davidson was convicted of slaying his step-mother and sentenced to 39 years. He is to be tried here for killing his father.

#### AIR ENDURANCE FLYER WILL COME TO VERNON

James Kelly, co-pilot of the plane Fort Worth in its record-breaking endurance flight, ex-cowboy, and well known Texan, will be in Vernon July Fourth, for the formal opening of the Vernon Chamber of Commerce airport as part of the county-wide celebration here dedicating the airport, the municipal building and the county courthouse.

M. K. Berry, chairman of the airport committee, and E. L. McCarter returned Monday from Fort Worth, where they made arrangements with Pilot Kelly to head a squadron of airplanes to Vernon for the airport dedication program.

He will probably pilot the record-breaking ship, Fort Worth, here if it is in flying condition at that time. If not he will arrive in the new sister ship presented to Reg Robbins and Kelly after breaking the world's endurance flight record. Both ships are Ryan cabin monoplanes, powered with Wright whirlwind motors.

Kelly, up until a year and a half before the flight, was an easy-going cowboy on a Texas ranch. Leaving the cows and the range Kelly took a course in flying technique which ended last April, but before the course was over his skillful flying had attracted the attention of the Texas Air Transport Company and secured him a position with them.

#### COTTON LIMIT BILL DEFEATED

MEASURE PROVIDING FOR FARM BOARD KILLED IN TEXAS HOUSE

Austin, June 25.—(AP)—The so-called "farm board" bill, providing for the appointment of a commission of four persons which would, among other things, determine the maximum percentage which could be planted to cotton on each farm, was killed by the House today. It was postponed indefinitely.

#### SENATE STUDIES BILL TO LIMIT STATE SALARIES

Austin, June 25.—(AP)—The Senate today began consideration of the Parsh bill limiting salaries of state officials to \$10,000 annually after adopting the minority report of the state affairs committee which reported the bill adversely.

#### COMMISSIONERS TO SIT AS EQUALIZATION BOARD

The County Commissioners of a Willbarger County will sit as a Board of Equalization for three days opening Wednesday. Taxes were not raised generally this year, but were only raised in cases where they had been lowered from the 1928 rendition. County Judge J. V. Townsend said today.

#### PERUVIAN FLYERS ON LAST LAP OF NEW YORK FLIGHT

Guayaquil, Ecuador, June 25.—(AP)—The Peruvian aviators, Pinillos and Zagarra, left here at 7:10 a. m., for Lima, Peru, on the last hop of their New York to Lima flight.

#### TESTIMONY OF OFFICIAL WILL CONCLUDE CASE

Veteran Land Commissioner Steps Jauntily to Witness Stand and Is Sworn—Counsel Tells of Development of Land Litigation.

Austin, June 25.—(AP)—J. T. Robison, Commissioner of the General Land Office, planned to testify in his own behalf on impeachment charges proposed in the House of Representatives late today.

He took the oath before the noon recess. Attorneys for him said they would conclude their case with his testimony.

The 68-year-old official, who has been exactly half of his life in the land office, stepped jauntily to the witness stand just before the noon recess, but after he had been sworn it was decided he should not begin his testimony until afternoon.

Lloyd Price of Fort Worth, counsel to Mr. Robison, testified as to litigation that developed over the proposed sale of university lands last January, when he, representing clients, had made definite request of the Land Commissioner to place 53,000 acres on the market.

#### BOULDER DAM ACT OPERATIVE

PRESIDENT HOOVER SIGNS PROCLAMATION MAKING BILL EFFECTIVE

Washington, June 25.—(AP)—President Hoover today signed a proclamation making operative the Boulder Canyon dam bill.

Under terms of the Boulder Dam Act, six months were allotted for negotiations between states in the Colorado River basin in an effort to obtain a seven-state compact.

The time expired last week. No agreement has been reached, and the law provided that a six-state compact may be formed. Arizona has been the dissenting state and has shown no sign of withdrawing its opposition.

#### DE FRIEST SAYS NEGRO MUST WORK OUT DESTINY

Knoxville, Tenn., June 25.—(AP)—Oscar De Priest, negro congressman from Chicago, declared before 1,500 negroes last night, that the white race was not to blame for the status of the negro, but that the negro would never gain equality before the law until he organized politically.

#### HAIR STORM DAMAGE IS PLACED AT \$2,500,000

Durban, Natal, June 25.—(AP)—The most destructive hailstorm in this city's history occurred here during the night, causing damage which some estimated at \$2,500,000. A few minutes after the hail started it lay eight inches deep on the streets, some of the stones being four inches in diameter.

#### BUENOS AIRES-NEW YORK AIR LINE BEING SURVEYED

San Juan, Porto Rico, June 25.—(AP)—The twin-motored amphibian airplane "Washington," which is surveying a route for an Atlantic coast air line from New York to Buenos Aires, took off today for visits to Guadeloupe, Martinique and Trinidad. The plane will stop in these islands before touching South America.

## W.T.C.C. POLICY TO BE SHAPED

THREE VERNON MEN WILL ATTEND CONFERENCE AT STAMFORD

A. M. Bourland, president and manager of the West Texas Chamber of Commerce, Grady Shipp, secretary of the Vernon Chamber of Commerce and R. H. Nichols, advisory committee member, will leave for Stamford early in the morning where they will confer with the board of directors in mapping out immediate policies for the management of the West Texas organization tomorrow.

Mr. Bourland would not enlarge upon the topics likely to be discussed at the meeting, stating that the policies of Homer D. Wade, resigned manager, would be adhered to for the most part. Plans for the annual convention may be discussed but no definite points were made known.

Members of the advisory committee with whom Mr. Bourland will consult tomorrow were also appointed at the Abilene session. They are Clifford B. Jones of Spar, R. W. Haynie of Abilene, Joe A. Wheat of Seymour, and R. H. Nichols of Vernon.

## Man Accused of Holding Young Boy Over Blaze

Rochester, N. Y., June 25.—(P)—Accused of torturing a 14-year-old boy by holding him over a bonfire until his right leg and hip were seriously burned, Frank Cromwell, 66, a farmer living in the town of Greece, was in jail today, awaiting a hearing on an assault charge.

The boy, George Foley, has been under the care of a physician since the limped home last Thursday afternoon and told his mother he had been tortured by the farmer.

According to the story later reported to Assistant District Attorney Nappano by the mother, Mrs. E. Foley, the boy had been swimming in company with several companions. They had just lighted a fire to warm themselves when Cromwell appeared and grabbed young Foley by the neck, starting the bonfire. Lawrence Castorino, one of Foley's companions, corroborated his playmate's story that Cromwell had held the youth in the flames until he had been critically burned.

## Testimony of--

(Continued From Page 1)

leaving bill was "literally buried through the Legislature," the witness reiterated the phrase.

His attempt to tell the Legislature that in using that term he meant no criticism of any members of the Legislature brought protest from House attorneys. He said the Legislature had "come down here on edge" after hearing all the agitation for a postponement of the lease sales.

Price said he had talked with Governor Moody and attempted to show him that sale of the 53,000 acres his client wanted to bid on would be a good thing for the University fund.

"It was a good gamble from the standpoint of an oil man," he said. "There was one chance in six that there was oil, based on the geological structure. If there was oil, my clients would make money; the University would get \$5,000,000 bonus, in addition to the usual royalty. There was everything to gain and nothing to lose for the University. However, if there should be some dry holes drilled around there and this territory condemned, the University would not only lose the royalties but the bonus as well."

## SENATE AND HOUSE STILL APART ON SCHOOL BILLS

Austin, June 25.—(P)—After two meetings of a free conference committee yesterday, the Senate and House today were still \$500,000 apart on bills providing for the maintenance of state-supported educational institutions during 1930-31. A third meeting will be held today in an attempt to reach a compromise.

The House committee is insisting that not more than \$16,500,000 be appropriated for the schools, while the Senate group is holding out for aid totaling at least \$17,000,000. Senator Tom Pollard, chairman of the Senate finance committee, said.

As originally passed, the Senate measure provided \$20,800,000 and the House bill, \$16,000,000.

## WEST INDIES PROGRAM GIVEN AT CIRCLE MEET

A mission program on "West Indies" was given at the meeting of Circle No. 2 of the Presbyterian Women's Auxiliary at the home Mrs. Hal Colley Monday afternoon. Mrs. John Stewart led the devotional, followed by a general discussion of the study topic. A short business session was presided over by Mrs. Howard Reger, at which time it was voted to discontinue meetings during July and August.

An ice course was served to the following: Mrs. Gilbert Weeth, Mrs. Anderson C. Smith, Mrs. E. P. Hicks, Mrs. Claude Bennett, Mrs. John Stewart, Mrs. Howard Reger, Mrs. E. E. Luttrell, and Mrs. Colley.

## Business Women Hold Installation Breakfast Today

Officers for the new year were installed at the annual installation breakfast held this morning by the Business and Professional Women's Club at the American Legion Home at 7 o'clock. The installation ceremonies were performed for the following officers: Mrs. Bertha A. Ross, president; Mrs. J. G. McCarrill, first vice president; Mrs. J. A. Huber, second vice president; Miss Esther Swartwood, secretary; Miss Etta Mae Rogers, corresponding secretary; Mrs. S. G. Little, treasurer; and Miss Verna Luckey, parliamentarian.

Following the installation, a business session was held and plans for the new club house were discussed. The breakfast, which was served by Mrs. Clarence Teel, Miss Esther Swartwood, and Miss Etta Mae Rogers, consisted of iced cantaloupe, bacon and eggs, toast, jelly and preserves, and coffee.

Covers were laid for the following members: Mrs. Bertha A. Ross, Mrs. J. A. Walker, Mrs. Raymond Donaghey, Mrs. R. D. King, Mrs. Frazier Bell, Mrs. S. G. Little, Mrs. Charlie Stapp, Miss Annie Lacy, Mrs. Clarence Teel, Miss Izee Izoo, Miss Alice Johnson, Miss Essie McLarty, Miss Esther Swartwood, Miss Etta Mae Rogers, Mrs. Dewey Wilson, and Mrs. Hatcher.

## Hope Waning--

then disappeared over the sea in the direction of the Azores.

Four destroyers left Norfolk in the direction of the Azores intending to retrace the route of Major Franco, and the British government was asked the loan of an airplane carrier at Gibraltar to serve as a base for reconnoitering flights.

A dispatch from Lisbon said an Italian army aviator, Commander Longo, would fly there today, immediately proceeding to the Azores in search of the Spanish aviators.

The Portuguese gunboat Zaires was still searching today in the neighborhood of the Azores, where it generally was believed the flyers probably had come down, but its efforts had been unavailing when it last reported. Several other smaller craft were engaged in the search.

Much of the seeking centered around a locality at latitude 23 north and longitude 33 west, where a British boat Gredlen was said to have sighted the remains of a plane, with one aboard. This announcement, made over military radio, was accepted with reserve in Madrid, one commentator remarking the large Dornier was so constructed it would have been difficult for its crew of four to have left it if it had been wrecked.

## SPORT-BUFF PROTESTED GAME IS THROWN OUT

Dallas, June 25.—(P)—The second game of the doubleheader played in Shreveport last Sunday and won by the Sports from Houston, 5 to 3, has been thrown out by the Texas League office, sustaining the protest of the Buffs, William B. Ruggles, acting league president, announced today.

The official standing of the league was revised to give Shreveport 37 wins and 33 losses and Houston 29 wins and 39 defeats. The game was ordered replayed at the earliest opportunity.

It was held the umpires erred in permitting Ernie Holman to run to second base after he had struck out in the sixth inning, and the Buff catcher, according to the rules, he automatically was out, as a Shreveport runner occupied first base at the time. Shreveport scored four times that inning, overcoming a 3 to 1 Houston lead.

Manager Frank Snyder of Houston was officially censured for not making a protest at the time.

## LUTHERAN EDITOR SAYS LIP STICK ALL RIGHT

River Forest, Ill., June 25.—(P)—If rouge and lip-stick make a woman more attractive, their moderate use is all right, in the opinion of Dr. Walter A. Maier of St. Louis, editor of the Walther League Messenger, here for the 34th triennial convention of the Evangelical Lutheran Missouri Synod.

Painting and powdering are thumb-nail sins catalogued in the indictments of modern youth, Dr. Maier said. But anyone who thinks such denunciations are a reaction to the present generation alone or that the practice is a development of today does not know his history, Dr. Maier brought out.

## LIGHTNING KILLS MORE THAN 100 IN JUGO-SLAVIA

Belgrade, June 25.—(P)—A dispatch from Jugo-Slavia points out that more than 100 persons killed in the last fortnight by violent recurrent lightning storms. Thousands of cattle have been carried away by floods and there has been immense damage to crops and vineyards.

## HAWKS NEARS NEW YORK FOR RECORD FLIGHT TRIAL

East St. Louis, June 25.—(P)—Captain Frank Hawks took off from Park Airport at 9:15 a. m. for New York City from where he expects to start in a few days on a one-stop round trip flight to Los Angeles to set a speed record. The flyer spent the night here after a flight from Los Angeles.

## Legion Baseball Games Likely to Be Played Over

Protests by the Vernon and Olney American Legion Junior Boys Baseball team against Wichita Falls in connection with the games last Saturday, both of which were won by the Wichita Falls team, have been filed and both games will probably be played over this week, according to an agreement reached between the managers of the teams following the games Saturday.

Rules of the Legion league allow only boys under 14 to take part in the games and allow only 14 men to be entered by any team. It was found that following the games Saturday that the Wichita Falls team had played sixteen men in the two games and that a member of the Wichita Falls team was over age.

If the games are not played over the entire district will be disqualified, according to the Legion rules. The manager of the Wichita Falls team agreed to play the games over after the protest was registered.

The games will probably be played in Vernon this week, it was announced today.

J. V. Spears, an oil field worker at Rock Crossing, suffered a broken left elbow and arm Monday night about 9:30 o'clock while working on an oil rig. He was brought to a local hospital for treatment and is reported to be resting well today.

## SECOND REPORT RECEIVED ON HYDROPLANE WRECKAGE

Madrid, June 25.—(P)—A second unconfirmed report reached Madrid today that the wreckage of a hydro-airplane which might be that of the missing Spanish trans-Atlantic flyer had been sighted about 100 miles off the Azores.

This report was given by the Trans Radio Company which stated its first station had picked up a report from a Portuguese fishing boat named the Juan Marinho that an unnamed British freighter about 100 miles from the Azores saw the wreckage of a hydro-airplane. Nobody was aboard.

A similar report was received yesterday by the Madrid military radio station.

## ENDURANCE FLYERS HAVE FIFTY HOURS TO CREDIT

Minneapolis, June 25.—(P)—With more than 50 hours in the air already to their credit, Thorwald (Thunder) Johnson and Owen Haugland sped over a triangular course today in an attempt to beat the world's endurance flying record.

Haugland and Johnson took off at 8 a. m. Sunday in their cabin monoplane "Miss Minneapolis." Gene Shank is flying the refueling plane which already has made five contacts with the endurance flight plane.

New York, June 25.—(P)—The cotton market opened steady at an advance of 1 to 12 points with the month relatively firm on the steady showing of Liverpool and an unfavorable view of early weather reports.

Circulation of notices estimated at between 100,000 and 150,000 bales, caused a good deal of July liquidation but trade interests were good buyers of July at the wider difference after selling at 17.90 at the start, the price advanced to 18.02. December sold up to 18.82 making net advances of about 8 to 15 points with the market fairly active and steady within 3 or 4 points of these figures at the end of the first half hour.

July liquidation was absorbed at the increased discounts as compared with new crop months, and the general list sold at 18.15 to 23 points net higher during the middle of the morning with July advancing to 18.10 and December to 18.89.

Buying of new crop months was promoted by the unfavorable view of the weather and some buying was reported on a theory the market was likely to improve after the first July notices were out of the way.

Trading was quiet after early but tapered off after with the market at mid-day rather quiet but fairly steady at reactions of about 8 to 15 points from the best.

Liverpool, June 25.—(P)—Spot quiet; higher; American strict good middling 10.85; good middling 10.55; strict good middling 10.18; strict low middling 9.85; low middling 9.65; strict good ordinary 9.23; good ordinary 8.85. Sales 6,000 bales, 4,800 American. Receipts 13,000, American 3,900. Futures closed steady.

July 9.91; October 9.91; December 9.92; January 9.93; March 9.97; May 9.99.

New Orleans, June 25.—(P)—The cotton market here a relatively steady opening despite heavy circulation of July notices. Cables were rather favorable and although May opened 5 points down good demand for July brought out sympathetic buying on other deliveries.

Months later than July opened 2 to 3 points up and prices continued to advance after the start until the end of the first hour July sold at 18.34, October 18.49, and December 18.69, or 9 to 12 points above yesterday's close.

The market was active and strong all morning supported by the prompt stoppage of July tenders. The demand for July contracts carried that month to 18.40, or 15 points above yesterday's close. New crop positions also advanced in sympathy with the strength of July and on buying promoted by the numerous shippers and the official forecast for continued rainy weather in the central and eastern portions. October traded up to 18.67, and December 18.75, or 16 to 17 points above the opening figures and 18 to 20 points over yesterday's close.

At mid-session the market was steady and near the highs.

Sheep 4.00; lambs weak to 25 cts. lower; sheep and yearlings steady; top native lambs 13.75; lambs good and choice 9.25 pounds down 13.00 to 14.25; ewes 4.75 to 8.50.

Chicago, June 25.—(P)—Grain values underwent a lively setback today after a show of firmness at the start. Better weather in the harvest region southwest and some rain in Canada led to heavy profit-taking sales in wheat, and there was much selling of corn owing to warmth and sunshine. Opening unchanged to 3-4 cts. higher, wheat quickly underwent a material drop. Corn started 1-8 off to 1-3c up, and then sagged. Oats followed corn. Provisions were easy.

## 15 MEXICAN SOLDIERS ARE KILLED BY MISTAKE

Mexico City, June 25.—(P)—Fifteen Federal soldiers were killed and an officer and fifteen others wounded on Sunday when a Federal aviator bombed by mistake a group of Federal soldiers at Barranca Tamara, State of Jalisco. He was under the impression they were rebels.

Dispatches to Excelsior, today, said the Secretary of War has ordered an immediate and thorough investigation.

## Youngest Pilot?

NEA Memphis Bureau

In these modern days of speed, they start to fly early. Here's Malcolm Allstadt, of Memphis, Tenn., just turned 17 and a licensed pilot, perhaps the youngest in the United States. Allstadt, flying for 18 months, has 150 hours in the air and hasn't had an accident. And he is willing to race any pilot of his age and experience from here to there or further, any time.

## "Swat the Fly" Campaign To Be Waged in Vernon

A "Swat the Fly" campaign was opened in Vernon last night by the Vernon American Legion, Albert E. Robinson Post, No. 67, at the regular meeting. Dr. W. L. Rhodes, post commander, said today.

Twenty-five cents a quart will be paid by the Legion for all dead flies turned in. The campaign was opened with the object of reducing the danger of typhoid in Vernon. The American Legion voted to sponsor the campaign at the regular meeting last night.

The Legion completed plans for their Saturday night and Sunday picnic near Lake Kemp. A shady spot has been selected east of the dam for the picnic. Members of the Legion are to go to the lake Saturday night and catch fish for a fish fry to be held Sunday.

All Vernon Scouts who have means of attending the picnic are invited. A Sunday school lesson is planned for Sunday morning with Scoutmaster C. Reed Smith in charge of the Scouts and John Storey in charge of the lesson for the Legionnaires and their wives.

## POTTEET REPORTS ON CONVENTION OF LIONS

M. G. Potteet, returned home late Sunday from Louisville, Kentucky, where he attended the thirteenth annual Lions International convention as representative of the Vernon club. The four-day convention closed last Friday. Mr. Potteet went with 150 other delegates from Texas, the party making the trip by special train from Dallas.

Approximately 7,000 delegates from all parts of the world were present at the convention. Mr. Potteet said from Monday through Friday of last week the city was alive with the activities of the Lion fest. Mr. Potteet, President of the local Lions Club, was the only Vernon representative at the convention.

One of the highlights of the trip was the expedition of 32 Texans, including Mr. Potteet, to the Mammoth Cave, about a hundred miles from Louisville.

Ben Swafford, Kansas City youth, who recently won his sixth national oratorical contest, delivered his championship speech to the body in a regular session.

Each state and country group of representative were distinctive dress. Mr. Potteet said. The Texans were the most outstanding in this respect with white military caps, with a gold lone star in the front, white trousers, and blue coats.

## FIST FIGHT IS FATAL TO CHICAGO BOY, 15

Chicago, June 25.—(P)—A 15-year-old school boy was killed yesterday when he and another youth of the same age fought with fists to settle their grievances.

The victim, Harry Heavilin, was punched in the stomach by Roy Stokes, shortly after the fight started. Stokes was exonerated by a coroner's jury, which held the death to be accidental.

## BRADSHAW RESTING WELL AT A VERNON HOSPITAL

Ben Bradshaw, Vicksburg, Miss., is reported to be resting well at a local hospital, attendants said today. He was able to sit up and move about yesterday with the aid of a nurse. Bradshaw has been confined to the hospital since May 27, when he was found in a freight car here, unconscious and partially paralyzed. He has regained consciousness and it is believed that his right side which is paralyzed is improving.

## Dawes' Intention for Dry Embassy Interests London

London, June 25.—(P)—Ambassador Charles G. Dawes' intention that he would not serve liquor at the ambassadorial residence was today the subject of lively discussion in diplomatic circles and the American colony of London.

The official residence of the American ambassador is the only dry embassy home in London, and Ambassador Dawes' action in eschewing alcoholic beverages is a departure from the rule of American ambassadors before him.

Among members of the embassy staff the dry move is regarded as simply an expression of the ambassador's personal attitude.

British prohibition advocates found much to elate them in his attitude which swings the American embassy in London into the dry column along with the British embassy in Washington.

## PANHANDLE TO BUILD STATION AT AIRFIELD

The Panhandle Refining Company of Vernon will begin construction at once of an oil and gas supply station at the Vernon Chamber of Commerce airport after being awarded the bid last week for the servicing station for airport visitors.

Tanks, pumps and other needed service supplies are to be installed and will be added to from time to time as necessity demands. Two 550 storage tanks are to be installed at a point about 200 feet from the edge of the field.

The service station is to be completed in time for the formal opening of the airport on July 4. Dedication ceremonies are to be held at that time as a part of the county-wide celebration. A special stamp is being used to cancel the souvenir air mail which is arriving daily to be sent out from the airport during the ceremony.

## VERNON PEOPLE ATTEND CROWELL WORKERS' MEET

Dr. and Mrs. E. F. Lyon, and Rev. and Mrs. J. H. Garrett left this morning for Crowell where they are attending the monthly workers' meeting of the Wilberger-Forard Baptist Association, which holds an all-day session at the Baptist Church of that city.

## AIR-MAIL LINE FROM U. S. TO PANAMA IS PLANNED

Dallas, Texas, June 25.—(P)—Completion of arrangements for an air-mail service from Palestine, Texas, to the Panama canal zone were announced here today by Jack C. McDermott, representative of the Mexican Aviation Company.

Southbound passengers on the international-great northern at Palestine will change to airplanes, flying that day to Brownsville over the Texas Air Transport lines. After spending the night in Brownsville they will fly to Guatemala City, Guatemala, in trimotored Fokker planes and thence to the canal zone over pan American subsidiaries.

Date for the inauguration of the service has not been set.

## BOB GROVE DEFEATS RED SOX FOR TWELFTH STRAIGHT WIN

Philadelphia, June 25.—(P)—Bob Grove won his twelfth victory of the season here today as the Athletics hammered Red Sox pitchers for 13 hits to win the first half of a doubleheader by 7 to 1.

Boston . . . 100 000 000-1 6 1 Philadelphia . . . 211 001 20x-7 13 0 MacFadden and A. Gaston; Grove and Cochrane, Perkins.

## "Wooden Sow"

When the Chester White sow of Miss Lois Carter, near Buda, Ill., died recently, she left her with six little pigs and a big problem of feeding them. But she soon hit upon a scheme. In an old packing box she fastened an inclined shelf, drilled six holes in the side and inserted nipples milk bottles through the holes, resting them on the shelf. The "wooden sow" works!

## Democrat Leader Jailed for Not Explaining Riches

Trenton, N. J., June 25.—(P)—Mayor Frank Hague of Jersey City, vice chairman of the National Democratic committee, was under arrest today for contempt of the New Jersey Legislature in refusing to answer questions concerning his private wealth.

The warrant, served last night by a sergeant at arms, ordered his incarceration in the common jail of Mercer County (Trenton), but he was given 24 hours liberty in which to seek a writ of habeas corpus. He obtained the writ three hours after his arrest from Vice Chancellor John Fallon at Hoboken who set today for a hearing.

The arrest marked the climax of the third attempt of state legislative agencies to compel the mayor to disclose the sources of \$400,000 he is reported to have spent in the last 10 years.

## TRIAL FOR SLAYING OF NEWSPAPER MAN DELAYED

Edo, Texas, June 25.—(P)—Two jurors were selected from 50 veniremen here today for the trial of Tomas Hernandez and Raymond J. West, officers charged with slaying Harry Williams, Laredo newspaperman.

Court was recessed until tomorrow when 100 talesmen are to be called.

## JERSEY CITY MAYOR IS RELEASED BY COURT ORDER

Jersey City, N. J., June 25.—(P)—Vice Chancellor John J. Fallon today released Mayor Frank Hague from the custody of the Legislature which arrested him last night for contempt when he refused to answer ten questions seeming to determine the source and whereabouts of his wealth. Hague is eastern vice chairman of the Democratic National Committee.

## Day Joins Harry Sinclair in Jail to Serve Term

Washington, June 25.—(P)—Friends and companions of long standing, Harry F. Sinclair, millionaire oil man, and Henry Mason Day of New York, vice president of the Sinclair Exploration Company, shared imprisonment today in the Washington asylum and jail.

Day was just entering upon the routine of the jail experience, already familiar to his friend and employer, who went through that phase of a month and a half ago. Both were serving sentences for contempt of court because of the shadowing of jurors during the Sinclair-Fall conspiracy trial, while Sinclair was at the same time rounding out the latter half of his 90-day sentence for contempt of the Senate for refusal to answer questions during its investigation of the Teapot Dome Naval Oil Reserve lease.

The New York man, facing a four-months term as compared with the six months imposed on Sinclair, arrived at the jail, alone in a taxicab, at 8:40 last night, and cheerfully entered.

"I say now, as I said then, that I am not conscious of having committed any wrongful act," he declared. "I emphatically deny that anything I did in connection with the trial of Mr. Harry F. Sinclair was done with improper, much less criminal intent."

## WICHITA WOMAN GAINED 15 LBS. BY TAKING ORGATONE

Health Was Completely Shattered When She Began Taking Treatment—Well and Strong Now.

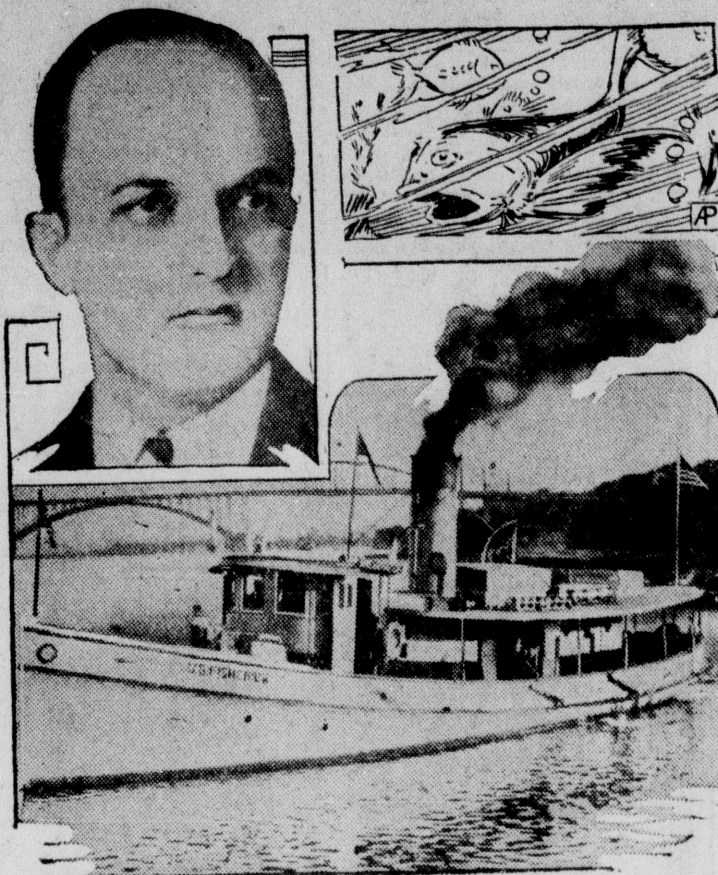

"Just give me Orgatone and you may have all the other medicines," said Mrs. L. W. Abbe, residing at 121 Dallas Street, Wichita Falls, Texas. "Those who have not seen me since I began taking Orgatone," continued Mrs. Abbe, "would hardly know me on first sight. I have undergone such a change. Why, do you know, I actually gained 15 pounds. It hardly sounds reasonable, but it's the truth. I had suffered from nervousness and frequent dizzy spells for a good many years, and my sleep was so broken and I was so tired that I hardly felt like getting up in the morning. Everything I would eat tasted bad and my stomach was so upset that I could not eat more than one meal a day, and that a very light one. The pains in my stomach were almost unbearable, and I was in a dreadful plight. I lost weight until I got down to about 110 pounds. I was hardly more than a frame and was sometimes confined to my bed for hours at a time."

"Finally I commenced to read about Orgatone and got myself a bottle, and my improvement commenced with the first bottle. I gained in weight and strength until now, my troubles are not only gone, but I feel just as strong and well as I ever did. I eat just anything and enjoy it and nothing hurts me a particle. My nerves are strong and steady, and I sleep so well that my getting up time comes too early in the morning. Orgatone has certainly brought health and happiness to me and I can't say too much in its praise."

Genuine Orgatone is not a so-called patent or secret remedy but a new scientific bile treatment containing no alcohol or other false stimulating drugs and is sold in Vernon exclusively by the Vernon Drug Company who are direct laboratory agents. Adv.

## Pilot Killed as Passenger Plane Crashes in House

St. Paul, June 25.—(P)—A veteran pilot was killed and seven passengers injured, five seriously, when a Northwest Airways plane from Chicago crashed here last night. In addition, four others were hurt in rescue work, and a fifth was injured as the plane struck a house.

Eddie Middagh, 38, of Minneapolis, was burned to death, the ship catching fire after the fall. The cause of the accident was not determined, but witnesses said all three motors on the plane stopped suddenly after the takeoff from the municipal airport en route to Minneapolis.

## CUMBY WOMAN IS HELD AFTER DEATH OF ANOTHER

Cumby, June 25.—(P)—Mistaking Mrs. W. E. Reid of Cumby for another woman, Mrs. Oscar Cross, 35, shot and killed her in front of the post-office here yesterday.

Mrs. Cross was at liberty today on

a \$10,000 bond after making a statement to County Attorney Emmet Thornton in which she is alleged to have said she intended the four bullets she fired for a Dallas woman. The fatal bullet struck Mrs. Reid in the head, killing her instantly.

No indication was given as to Mrs. Cross' motive, but the county attorney said that she said in her statement she felt her trouble with the Dallas woman was of a nature to justify an attempt to shoot her.

Mrs. Cross and Mrs. Reid both had husbands and families. Mrs. Reid is survived by a daughter, and Mrs. Cross is the mother of three children.

## Would Withdraw U. S. Dry Funds From Wet States

Washington, June 25.—(P)—Calling for a "fair and square show down" with a view to more effective prohibition enforcement, Wade H. Ellis, assistant to the attorney general during the Taft administration, has advanced the proposal that Federal Government funds for this purpose be withheld from states which are not cooperating in upholding the dry laws.

His plan, he believes, would inspire "a greater sense of personal and local responsibility" under the concurrent power for enforcement granted in the Eighteenth Amendment and would "have an immediate and electrical effect all over the country."

"It means," he explained in a radio address broadcast under the auspices of the District of Columbia sons of the American revolution, "merely that where the people of any one of the states show, by their legislation and administration, that they want the bootlegger or the saloon, the United States government will let

them enjoy the company of their choice.

## STATE TO ASK DEATH IN POISONING AT TEXARKANA

Texarkana, June 25.—(P)—County authorities prepared today to try one man on charges he poisoned his wife while awaiting word from chemists in Austin which might indict another man on similar charges.

Armed with an alleged confession from Ocie Nix, 22-year-old Bowie County farmer, that he poisoned his 17-year-old wife, the State prepared to ask the death penalty in the trial to open Thursday.

Nix was hidden in the Lamar County jail at Paris, but was returned to the county jail at Boston last night. He took out \$1,400 insurance on his wife's life three weeks before she died, and the State expected to point to this as a motive.

In the same jail, a 24-year-old Bowie County farmer awaited an analysis of organs from his wife's body after she had died suddenly, without treatment from a physician, and had been buried hurriedly. He too was known to have insured his wife's life shortly before her death.

## PEACE-TIME LOYALTY NEEDED

A prominent teacher of theology in the Yale Divinity School was very properly denied American citizenship by a Federal Judge Monday because the applicant would not promise to defend the United States against all enemies. All can recognize the right of the United States to require such a promise of her adopted citizens, yet hundreds of thousands of natural born citizens could not actually meet the test of such requirement if the term "enemies" were given the broad interpretation which the Government should give it in this connection.

When used to determine the right to American citizenship the word "enemies" naturally should not be limited to the nations and soldiers which oppose the United States in armed conflict. Some of the most malignant enemies to the United States Government are carrying on their war within the boundaries of the Nation and under the protecting environment provided by the Government.

Every violation of the law is a direct strike at the Government and its institutions, and every persistent violator is working, as far as in his power, to overthrow the Government. Yet how many persons enjoying the honors and benefits of American citizenship rise to the point of defending the Government voluntarily when they see someone breaking the laws of the land?

The teacher of theology at Yale stated that he was willing to take up arms for the United States, but he reserved the right to determine in his own mind whether the cause was just. Naturally that right is not granted the citizen. The situation that would exist if every individual was allowed to arbitrarily decide whether the cause was just and therefore deserving of his services before enlisting is patently apparent. Our system of Government, founded on the will of the majority, presupposes that every war will be just. In the same manner it presupposes that every law will be just. For that reason no citizen is accorded the privilege of determining whether the law is just before obeying it, in spite of the fact that one of the foremost criminal lawyers of the country, a person who has enjoyed in large measure the unequal advantages of education and economic opportunity provided by our Government, argues that it is his duty to violate a law with which he does not agree.

Of course mistakes may be made, and because of this fact every citizen has the right to seek repeal or modification of any law on the statute books. But as long as it is a law the citizen is expected to obey it and support it because it is a part of the Government.

This obligation of loyalty is not a war-time inclination or period.

## INTERPRETING FARM AID

"Any marked and lasting improvement in the position of agriculture must await one of two developments: a higher level of relative prices of farm products through curtailment of supply or a gradual growth of demand, or an increase in net returns through a reduction of costs."

Following a summation of the benefits likely to accrue from the farm relief bill recently passed by Congress, the statement by the Guaranty Trust Company of New York City, rather accurately reflects the attitude of finance and business toward the legislation for the aid of agriculture.

Reflection must convince the thoughtful person that this is the only attitude that business can take. It recognizes and fully evaluates the effect that orderly marketing will have in the way of stabilizing the market, but very frankly predicts that no material price increase can be anticipated, unless orderly marketing is accompanied by balanced production. In other words, the supply must conform closely to the demand.

The survey by the big banking institutions emphasizes that the orderly market system, provision for which is made in the farm relief bill, must be interpreted as a price stabilization measure, not one primarily

designed to increase prices, although in the course of time successful operation of orderly marketing methods that will eliminate drastic price movements that now follow changes in crop prospects will result in increase in net returns from farming. It is very emphatically stated that "over any period as long as a marketing season, the average price of a farm commodity will continue to be determined as it has been in the past, by the world demand as against world supply." In short it is the opinion of finance, and, undeniably a very sound one, that a partial smoothing out of price fluctuations may conceivably be effected by a permanent raising of the level by merely regulating the flow to the market, is out of the question.

This opinion places the burden of farm relief upon the industry itself. In short finance very firmly states that the industry must be operated on a business basis, with proper regard given to the basic laws of business. Attention must be given to supply as against demand and to application of efficiency methods that will reduce production costs. After all what the farmer needs is a greater net return. It is immaterial to him whether that return is made possible by increasing prices of reducing costs. It will take business methods to effect either.

## Notice to Car Owners

On May 23rd there was passed by the State Legislature and Senate law allowing people of this State to register cars monthly instead of quarterly as heretofore. This office was not notified of this change until June 17th.

Any car, truck and trailer that was registered in this office between June 1st and June 15th both inclusive are due refunds on their license tax and if you will call at the Tax Collector office and bring your receipt this office will gladly refund the amount of money due you.

I would appreciate it if you would do this in the next few days because we have to make report on these receipts and would like to get everything straightened out before we make the report.

## Closing Chapter of Mission Study Occupies Baptist Circles at Last Meeting Before Summer Vacation

The closing chapter of the mission study, "Baptist Missions in Nigeria," was studied at the circle meetings of the Baptist Women's Missionary Society Monday afternoon at the different homes. The meetings were the last circle meetings of the Missionary Society during the summer months, as it has been voted by the members to disband during the summer. All of the circles completed the quarterly mission study Monday with the exception of Circle No. 1, which finished the study at the meeting before. The meeting of Circle No. 7 was held in the form of a "family evening" and picnic at Allingham Park. Individual reports follow:

**Circle No. 1.**  
Mrs. G. C. King was hostess to members of Circle No. 1 at her home, 719 Pease Street. The meeting was opened with song, "I Must Tell Jesus," followed by prayer led by Mrs. F. F. Capps. The devotional subject taken from St. John 14: 1-31 was read by Mrs. King, after which talks were made by the members on the work of the year. Mrs. W. P. Pearson led in closing prayer.

Those present were: Mrs. Maude Jordan, Mrs. W. A. Lyon, Mrs. F. P. Capps, Mrs. W. J. Penton, Mrs. J. W. Caldwell, Mrs. W. S. Currin, Mrs. P. W. Pearson, and Mrs. G. C. King.

**Circle No. 2.**  
Mrs. R. M. Fielder on South Main Street, with six members present. Mrs. Jimmie Golden led the devotional, followed by the mission study taught by Mrs. Fielder.

An ice course was served to the following: Mrs. R. P. Adams, Mrs. Jimmie Golden, Mrs. J. S. Parker, Mrs. Cecil Davis, Mrs. Z. P. Pilgren, and Mrs. Fielder.

**Circle No. 3.**  
Mrs. S. E. Smith was hostess to members of Circle No. 3 at her home on Fannin Street. Mrs. J. D. Graham led the devotional, followed by a short business session. Mrs. A. W. Lattimore taught the sixth chapter of the study, "Baptist Missions in Nigeria," and Mrs. J. H. Garrett dismissed the meeting with prayer.

Refreshments of ice cream and cake were served to the following: Mrs. J. D. Graham, Mrs. Jack Glover, Mrs. R. C. Messick, Mrs. J. H. Garrett, Mrs. Albert Jones, Mrs. A. W. Lattimore, and Mrs. Smith.

**Circle No. 4.**  
Mrs. L. A. Foster on Paradise Street. The meeting was opened with prayer and song, followed by a short business session presided over by Mrs. W. E. Cavness. Mrs. M. Hunter read the devotional in the "question and answer" system. Plans for a picnic at Allingham Park Tuesday evening, July 2, were discussed, after which Mrs. W. N. Stokes taught the last lesson in the mission study book.

Members present were: Mrs. W. R. Lane, Mrs. S. B. Parrish, Mrs. W. E. Cavness, Mrs. M. Hunter, Mrs. W. N. Stokes, Mrs. A. Allison, Mrs. S. G. Johnson, Mrs. R. G. Hughes, Miss Ethel Haney, and the hostess, Mrs. Foster.

**Circle No. 5.**  
Circle No. 5 met at the home of Mrs. W. W. Jones, 1518 Lamar Street, with six members present. Mrs. Jones led the devotional from the second chapter of Luke, after which Mrs. A. C. Williams taught the mission study

and the meeting was closed with prayer by Mrs. Jones.

Members present were: Mrs. Dave Self, Mrs. M. Self, Mrs. J. C. Bolton, Mrs. A. C. Williams, and the hostess, Mrs. Jones.

**Circle No. 6.**  
Mrs. W. N. Martin was hostess to members of Circle No. 6 at her home, 2510 Maiden Street. Mrs. Martin led the opening prayer, and Mrs. Frank Sylvester read the devotional. Mrs. W. A. Lane taught the lesson from the study book.

Those present were: Mrs. Harry Fletcher, Mrs. W. A. Lane, Mrs. C. E. Wilson, Mrs. G. H. Richie, Mrs. J. E. Stine, Mrs. H. Simmons, Mrs. Frank Sylvester, Mrs. E. L. Vaughn, and the hostess, Mrs. Martin.

**Circle No. 7.**  
Circle No. 7 met at Allingham Park in the form of a picnic and family evening. The meeting was opened with the Lord's Prayer in unison followed by the devotional reading from John 15: 1-17 by Mrs. R. E. L. Pattillo. Reports of the nominating committee revealed Mrs. F. P. Coffey re-elected circle leader and Mrs. J. V. Owen, assistant leader. Other officers will be appointed later.

Mrs. I. F. Winn taught the lesson, completing the study book, "Baptist Missions in Nigeria," after which awards for the study "Vanguard of the Race," were presented to Mrs. V. N. Priest, Mrs. F. H. Littleton, Mrs. E. L. Vaughn, Mrs. A. C. Floyd, Mrs. N. Curtis, Mrs. L. F. Winn, and Mrs. F. P. Coffey.

A picnic lunch was spread and served to the following: Mr. and Mrs. C. C. Craig, Mrs. N. Curtis, Mrs. W. O. Dorsett, of Austin, Mrs. F. P. Coffey, Mrs. R. G. Hughes, Mr. and Mrs. V. N. Priest, Mr. and Mrs. E. L. Vaughn, Mrs. L. F. Winn and children, Mrs. A. C. Floyd and children, Mildred and A. C. Jr., Mr. and Mrs. F. H. Littleton and daughter, Maggie, Mr. and Mrs. R. E. L. Pattillo, Mr. and Mrs. Roy Martin and son, Roy, Jr., Mrs. W. P. Rogers of Chillicothe, Mrs. R. M. Cato, Miss Ethel Haney, and Dr. and Mrs. E. F. Lyon.

**Circle No. 8.**  
Mrs. Roy Stine was hostess to members of Circle No. 8 at her home, 3207 Marshall Street. Mrs. H. D. Hays led the devotional, followed by the study of the closing chapter of the mission study.

Those present were: Mrs. R. B. Norman, Mrs. Love, Mrs. Newman Hughes, Mrs. Bradley, Mrs. Alice Dockery, Mrs. Jack Love, Mrs. Elmer McPherson, Mrs. C. R. Martin, Mrs. H. D. Hays and Mrs. Stine.

**METHODIST MISSIONARY SOCIETY MEETS MONDAY**  
Members of the Methodist Women's Missionary Society met at the church Monday afternoon for a mission study. Mrs. C. A. Bickley taught an interesting lesson on "Avocation versus Vocation," the seventh chapter of the study book, "Spiritual Adventuring." The opening song was "Something for Jesus," which was followed by prayer by Mrs. Bickley. The meeting was closed with prayer in unison.

The members present were: Mrs. J. L. Eggleston, Mrs. R. L. Castlebury, Miss Robbie Castlebury, Mrs. J. H. Holloway, Mrs. J. O. Haymes, Mrs. W. H. Pettit, Mrs. R. E. Cox, Mrs. W. R. Keeton, and Mrs. C. A. Bickley.

## Hardeman Girls Win in Tryouts at Lake Pauline

The Hardeman County Girls' Team Demonstrators won first place in the semi-final tryout demonstrations of five counties of District No. 1 at Lake Pauline Monday. The winning team demonstrated garden methods used in growing tomatoes. Second place was won by the Motley County team, which demonstrated towels for the home, and Ford County won third place with a demonstration of making a bed. The three other counties participating in the contest were: Wilbarger, Cottle, and Wichita. The three winners will meet the winners of the seven other counties in the district in tryouts July 8. The three highest scorers in this contest will be sent to College Station to attend the Farmers short course July 27-August 2. The district is divided for the contests on account of it being such a large district.

The seven other counties in the district are: Potter, Carson, Armstrong, Hall, Collingsworth, Wheeler and Donley. Miss Minnie Mae Grubbs, district agent, and Mrs. Ben Parrish of Quanah, were judges of the contests. The Wilbarger team participants were Miss Alice Standlee and Miss Aleene Richie, of the Lockett club, who gave a demonstration of kitchen equipment.

The scene of the tryout was in the West Texas Utilities Club house on the lake. A program was also given during the day consisting of an interesting talk given by Miss Mary Childress, on her trip to the West Indies, and a demonstration on children's clothes given by Miss Ruth Bloodworth, home demonstration agent of Motley County. The County agents brought lunches and a lunch was served buffet style at noon.

## MRS. BAIRD HOSTESS TO CIRCLE MEETING MONDAY

Mrs. J. A. Baird was hostess to members of Circle No. 4 of the Presbyterian Women's Auxiliary at a meeting of the circle Monday afternoon at her home on Stephens Street. Mrs. Baird led the devotional, followed by a piano solo by Little Miss Eddie Mae Matthews. A program on "Sky Land" was rendered during the afternoon. Roll call was answered to with quotations from "Mountain Missions," after which Mrs. M. K. Byrd discussed "Our Missions in the Mountains," and the Lord's Prayer was repeated in unison.

A short business session was held at which time Mrs. Frank Massie was elected circle leader and it was voted to disband during the remaining summer months. The foreign mission boxes of the circle were opened at the business session. Refreshments of lemonade and cake were served at the close of the afternoon to the following: Mrs. Tom Lismann, Miss Lillian Henderson, Mrs. Frank Massie, Mrs. Henderson, Mrs. E. G. Matthews, Mrs. George Long, Mrs. Walter McCaleb, Mrs. J. C. Pace, Mrs. M. K. Byrd, Mrs. L. Lawler, Mrs. J. M. Cooke, and the hostess, Mrs. Baird.

## LIVED 2 YEARS ON STRICT DIET

"For two years I have suffered intensely with stomach trouble. My food wouldn't agree with me, even though I was on a strict diet. I had to practically live on buttermilk. I was losing weight and getting weaker every day. I suffered terribly with

**MRS. LILLIE LIST**  
headaches. My liver was out of order and my tongue was coated. I was so nervous that many nights I couldn't sleep at all. I took medicines but they only made matters worse. My condition was pitiful.

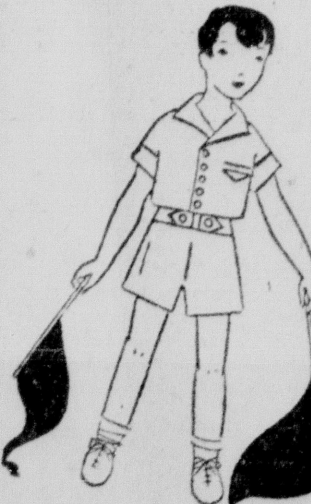

"Six weeks ago I started the Sargon treatment. I showed a marked improvement from the start. I've just finished my sixth bottle and I feel like a different woman. I've gained nine pounds and I'm eating everything I want, without any trouble. On a recent visit to my mother in Uvalde, Texas, I told her what Sargon had done for me and she said many people in Uvalde were taking it too, and getting fine results.

"Sargon Soft Mass Pills are different from all other laxatives. They act so easy and don't cause any griping or nausea, and now my constipation is entirely overcome.

"My friends tell me I look better than I have in years."

The above statement was made by Mrs. Lillie List, 130 Caldwell St., San Antonio. She is highly esteemed by her many friends and acquaintances. Sargon may be obtained in Vernon at Huber's City Drug Store; in Harland at Oliver Drug Co. Adv.

# BAPTISTS LAUNCH SECOND HALF WITH ANOTHER WIN

## CHAMPIONS OF FIRST PERIOD OVERCOME LEAD COMPILED BY REVISED PRESBYTERIAN CLUB

Fighting desperately to overcome a one-run lead that seriously threatened their perfect record for the first half, the Baptists, Sunday School league club, made it seven in a row yesterday afternoon by defeating the Presbyterian team 8 to 2 on the City Park field in the first game of the second half of the season.

The Baptists pushed over three tallies in the fifth inning to win the game.

A revived and rejuvenated Presbyterian line-up faced the Baptists yesterday and for four long innings everything pointed to a Presbyterian victory. Even after the three Baptist runs in the first of the fifth, the Presbyterians came back and pushed over another, with two on bases, the third out being accomplished at third base. These threats need not have been threats at all but for Baptist errors. The first baseman muffed two easy throws for three gained bases in the last stanza.

Two Baptist hurlers were employed during the game. Buzbee started on the mound, but departed at the middle of the third. Carl Simmons was called in from center field to pitch the last three frames and win the game. Simmons' start was not so good, but team support saved the two hits he permitted in the third and another in the fourth.

Only three Presbyterian players came over from the first half of the season as evidenced by yesterday's game. Manager Weir, Captain Bob Williams, and Claude Allison were surrounded by six new candidates, each of whom rendered a fair account of himself in the first exhibition of the second half.

The Baptists were closed out in order in the opening frame, with Norman going out at third after gaining second on Sneed's error. Bowman, first up for the Presbyterians, struck out, and Castleberry, leading hitter for the team, singled, stealing second. Weir filed to Bridges, and Castleberry went out at third, when Bob Williams hit to that corner.

The second saw the Baptists again retire in order, after Carl Simmons hit and stole second, going out at third when Williams held the ball after trying to tag him. Wolfe and Bridges were both out at first. Blanton walked for the first Presbyterian base in the second after Sneed bounced to Buzbee. Blanton stole second, advanced to third when S. Dobbs failed to make the stop, and ran on Foster's fumble. L. Williams going to second. Allison and Bert Williams whiffed.

The third was quiet for both sides, featuring a double play when Wolfe nabbed a fly and tossed to S. Dobbs, to retire the Presbyterians who had binged twice. Fred Dobbs advanced to second and was caught at third. Teel and Buzbee gained first by a walk and a fielder's choice. Castleberry got his second single, followed by Weir's single, but Bob Williams' attempted sacrifice fly was short, and Wolfe threw Castleberry out at second as the latter tried to retrieve the base. Bowman grounded to first.

Weir threw out three men in the fourth, and Simmons retaliated by striking out three men, after a man on each side had singled. Allison, after singling sharply to center, stole second, then third, with the ball in the box, but was held there.

The Baptist runs came when Teel

singled and advanced on a passed ball after Fred Dobbs' bounce to Weir. Hardison hit one to Williams who handled it too slowly. Teel running on a close play, Bowman dropped the ball while trying to tag Hardison. Singles from the bats of S. Dobbs and Norman brought in Foster, whose hit to Weir was fumbled. Simmons and Wolfe were out, with a whiff and a fly.

Bert Williams, new Presbyterian hurler, ran on a couple of Fred Dobbs' errors, as Bowman went out at third, Castleberry and Weir fanning.

OVERCOAT PURCHASED FOR KYLE FIELD GRIDIRON

College Station, Texas, June 25.—(P)—Fans who flock here from the four corners of Texas next fall to witness the annual Aggie-Longhorn encounter will see their heroes perform on a dry field, no matter what the rainfall in the preceding 48 hours.

A canvas "overcoat" has been purchased for Kyle Field at a cost of several thousand dollars. It will be in twelve sections, easily handled, and will turn back the hardest rain.

## Uzcudun in Training

There's more than one way of getting in shape for a heavyweight fight. Paulino Uzcudun, Basque battler, and Max Schmeling, German champion, seem to be using different methods in preparing for their battle in New York June 27. Uzcudun is shown, upper right, practicing his right jab against a punching bag in his training camp at Hoosick Falls, N. Y. Below he exhibits his two best arguments for a claim to the heavyweight title. Meanwhile Schmeling, upper left, emulates Gene Tunney, retired champion, by reading in his quarters at Lakewood, N. J.

## COLUMBIA WINS BOAT CLASSIC

### CALIFORNIA'S BEARS ARE WRECKED IN ANNUAL COLLEGE REGATTA

(By The Associated Press)

Poughkeepsie, N. Y., June 25.—(P)—Columbia is the gem of the intercollegiate ocean after the roughest and most disastrous naval battle in the history of the Poughkeepsie regatta.

Through four turbulent miles last evening the sons of little old New York rowed to triumph for the second time in three years, capturing the varsity championship of America.

In their dazzling wake were strewn the shattered hopes of four of Columbia's fight rivals, chief among them the proud Golden Bears of California.

Old man river went on a rampage for the crowning classic of the 1929 rowing season, kicking up a disturbance that wrecked the fortunes of all but five of the record fleet of nine.

What was forecast as the greatest of all college regattas was turned into a knockdown and drag out battle with the old man, who spared neither champions, nor favorites nor trailers.

as he swamped one boat after another.

Columbia stood out supreme, overcoming all obstacles to beat a gallant Washington crew by three lengths.

The huskies were eight lengths ahead of another surprise boat, Pennsylvania. The Quakers came up out of the choppy seas to beat navy as other craft sank.

## In Camp Mit Schmeling

He looks like Jack Dempsey, does Max Schmeling, in the above picture taken of the invading German heavyweight champion in his training camp at Lakewood, N. J. Schmeling, who's getting ready for his widely heralded bout with Paulino Uzcudun in New York June 27, is shown at the top with his manager, Joe Jacobs, right, as they received the best wishes of Max (Boo-Boo) Hoff, left, Philadelphia fight impresario. Schmeling is pictured below, left, as he mixed punches in earnest with King Solomon, sparring partner.

## DODGERS DRUB GIANTS AGAIN

### CHICAGO CUBS SALVAGE ONE GAME FROM PITTSBURGH

(By The Associated Press.)

If they could play the Giants every day, Uncle Wilbert Robinson's Brooklyn Dodgers would be leading the National League. Instead of however tough the Giants may be for the rest of the league, they're only "cousins" to the dodgers who beat their Manhattan rivals yesterday, 5 to 2, for the second straight day, the fourth time in their four last meetings and the eighth time out of 13 games this season.

In the only other National League engagement, the Chicago Cubs salvaged one game out of the Pittsburgh series, beating the Pirates, 4 to 3, chiefly because of the eight hits Ervin Branne allowed including homers by Cuyler, Wilson and Hornsby.

Rain halted the other scheduled league game between Boston and Philadelphia with the Braves leading 2 to 1 in the third inning.

In the American League, the Philadelphia Athletics increased their lead over the idle New York Yankees to nine full games by nosing out the Boston Red Sox, 5 to 4. A double play with the bases full saved the day for the Mackmen in the ninth inning and enabled Rommel to chalk up his seventh straight triumph without a defeat.

Although idle the Yankees regained undisputed possession of second place when the St. Louis Browns, with whom they had been tied, dropped a decision to Cleveland, 10 to 4.

Crowder and Ogden were found for 12 hits including four home runs, two of them by Earl Averill. Miller, Indian southpaw, kept the Brown batters in subjection except in the seventh when all the St. Louis runs were scored.

At Detroit, the Tigers pounded Faber and Guan for 13 hits and scored an easy 13 to 4 victory over the Chicago White Sox. Emil Yde, former Pirate southpaw, gave the Sox ten hits but tightened up in the pinches.

## Seven Americans in Second Round of Tennis Play

Wimbledon, England, June 25.—(P)

Seven Americans survived for the second round of the men's singles in the British tennis championship today.

They were Big Bill Tilden, Frank Hunter, George Lott, John Van Ryn, John Hennessey, Wilbur Coen and Wilmer Allison.

Van Ryn had to play Jacques Brugnon, of France. Hunter had a tough "nut" to crack in H. W. (Bunny) Austin, one of the most promising of English players. Lott was paired with the Belgian, L. De Borman; Tilden with C. H. Campbell of England; Hennessey with J. S. Worthington, of England; Coen with C. J. Robbins of South Africa and Allison with the Hon. Cooper of England.

Helen Wills' first test in defense of her women's title came today from Miss G. E. Tomblin, Helen Jacobs was paired against Mrs. A. Neave of South Africa and Elizabeth Ryan, the former Californian, now living in England, with Miss D. Anderson of Great Britain. Leli De Alvarez, the Spanish girl, who, most experts believe, will reach the final round against Miss Wills, drew Mrs. Bruce as her first round opponent.

## STEER MARGIN CUT TO GAME

### LOSS SNAPS BARNABE'S WINNING STREAK AT NINE STRAIGHT

(By The Associated Press)

The Texas League record of 19 straight victories set in 1917 by Snipe Conley, Dallas pitcher, has withstood another assault and come out with flying colors.

When Jim Lindsey, Houston ace, set the leading Steers down, 5 to 3, in the series opener yesterday at Dallas, he snapped Charlie Barnabe's streak of victories at nine straight. The slim Herd southpaw had visions of eclipsing Conley's great mark, but it faded when the Buffalos slammed him from the mound in four rousing innings.

The Steer setback was painful not only to Barnabe. It was a jolt to the entire corral and sliced the Steers' lead over the oncoming Spudders to one game. Three runs in the eighth inning enabled the Wichita maulers to trim San Antonio, 4 to 1, in their opener and keep their percentage around the .900 mark for the last three weeks.

Fort Worth captured a wooly exhibition from the sliding Waco Cubs, 20 to 16, in the inaugural at the city on the Trinity. Forty-eight hits peppered about La Grave field in the course of the melee, but none went over the palings. Only three four-

baggers have been hit at the Fort Worth park all season.

Rain marked out the scheduled opener at Shreveport, the harried Exporters getting a breathing spell after succumbing to Dallas three in a row.

When Big Jim Lindsey bested Barnabe and two other herd moundsmen, including the newcomer, Merle Settle, he ran his private string of triumphs to 12 and now lacks very little of having pitched half of the games in Houston's won column. The big-righthander's record with an eighth place club this year is just short of being remarkable.

## Strain Upon Truth

The strain upon truth in advertising becomes too great when the public is told that other cigarettes enjoy the toasting process. It takes three years to produce Lucky Strike's flavor. This unrivaled cigarette is a blend of finest tobaccos from each of three consecutive growths—the cream of the crop. Then comes the secret toasting process which in the opinion of 20,679\* physicians makes Lucky Strike less irritating than other cigarettes. This exclusive heat treatment also purifies the tobacco and adds a touch of nut-sweet flavor—appetizing, delicious, different—the earmark of one of the world's most popular products.

## Mystifying Stock Deals by Bishop Called Mistakes

New York, June 25.—(P)—Mystifying entries concerning the stock transactions of Bishop James Cannon, Jr., of the Methodist Episcopal Church, South, with the defunct firm of Kable & Company, were described as "mistakes" at the opening of a hearing into the firm's bankruptcy.

Harry L. Goldhurst, member of the firm, was asked yesterday to explain two entries which apparently indicated Bishop Cannon had made a profit of \$400 on a \$10,359 deal before he had made any deposit with the company.

One entry, dated November 2, 1927, read, "As of August 14, 100 shares Leigh Valley."

The other entry, dated November 3, indicated that "as of September 22," the stock had been sold at a profit of \$400.

The ledger showed Bishop Cannon had made his initial deposit of \$500 with the company on September 21.

The witness examined the page and said he believed the entries were mistakes.

Goldhurst described Bishop as a good customer of the house, buying stocks on the partial payment plan.

He said the Bishop had no interest in the profits or losses of the company.

## TRAVELING WACO SCHOOL TEACHERS REACH BOSTON

## What a Dry Agent's Buckshot Did

Shown above is the bullet-riddled white in which Henry Wirkkula, a confectioner, was slain by a charge of buckshot fired by Emmett J. White, a 24-year-old U. S. Customs patrolman, on a dark road near International Falls, Minn. Wirkkula died at the wheel, the position of the car indicating that he was trying to stop after customs officers had hailed him, believing the auto contained liquor from Canada. His two small children on the back seat escaped death because they were asleep and were lying down, the buckshot passing over them. Arrows indicate the bullet holes which are being pointed out to County Prosecutor David Hurlburt, left, by Sheriff Hugh Reidy. No liquor was found in the car by the officers, who say White was aiming at the tires.

Eagle, aircraft carrier, bound for Portsmouth from Gibraltar, was ordered by wireless today by the admiralty to divert from its course to assist in the search for the missing airman. Planes leaving the Eagle could cover wide area once the carrier reaches the Azores.

### VERNON COUPLE LEAVE ON 6,000-MILE TRIP

Mr. and Mrs. W. E. Sallee are leaving Vernon today on the first lap of a 6,000 mile trip which will take them to the Dutch East Indies. Mrs. Sallee is a granddaughter of Mrs. S. E.

Lloyd of 1504 Texas Street, and the Sallees have called Vernon their home for the past three years, although his work with the Dutch-Shell Petroleum Company has kept him traveling most of the time.

The couple will sail from Vancouver, British Columbia, on July 4, on the Empress of France. The trip will take them to Hawaii, Japan, Hong Kong, Singapore, via Malay to Sumatra, where Mr. Sallee will be stationed for two months before going to Batavia, Java, where he will probably be stationed, for two or five years. Mr. Sallee was located in Vernon three years ago with a drilling equipment company. His position in Java is a result of his experience with drilling equipment and to a special formation that faces drillers in Java.

### IOWA PILOT KILLED WHEN PLANE CRASHES IN ROAD

Creston, Ia., June 25.—(P)—Paul Ritter, 27, was unable to bring his airplane out of a tailspin yesterday, and it crashed on a highway, killing him. Flames broke out in the wreckage before Ritter's body could be taken out.

## Smuggling Ring Is Uncovered by Cuban Officer

Miami, Fla., June 25.—(P)—A Cuban secret service agent who had himself smuggled into the United States today was credited with the roundup of five purported operators of a smuggling syndicate and eleven aliens who had been brought to Florida from Havana.

The agent was Jose Dias Ancozmid, who said he and eleven foreigners were brought to the Florida east coast aboard the Cuban yacht Delirio for sums ranging between \$200 and \$300 each.

Extraordinary precautions by the master of the Delirio, Federal operatives here said, prevented capture of the yacht with the men aboard, but shortly after the cargo was landed all were rounded up.

Immediately after the landing the owner of the yacht, Miguel Sastre, was reported arrested in Havana, and four Americans were taken into custody in Florida. They were Joe Clark and Warner Bryant of Fort Myers; George W. Storter, Naples fishing guide; and J. W. Storter, his brother, of West Palm Beach.

The landing was made by use of a launch, Ancozmid said, preventing arrest of the master of the Delirio. After the landing last Friday, the eleven aliens were arrested Saturday and Sunday in and near here, and included seven Spaniards, two Rumanians and two Albanians.

## Beer War Held Responsible for Mysterious Death

New York, June 25.—(P)—The mysterious killing of Frank Marlow, boxing manager, former night club owner, and friend of Arnold Rothstein, was believed by the police today to be due to a beer war.

Marlow was found by two motorists in bushes near the Flushing, Long Island, cemetery and died a few minutes later in a police booth last night.

Police were inclined to think he had been taken for a ride by gangsters. They found he had dined alone last night, and his later movements were a mystery.

Marlow, whose correct name was Frank Curto, was 38 years old and had only returned to this city on Friday from Boston where he had spent

## Ancient Fruit Brings Riches

On his farm near Phoenix, Ariz., Col. Dale Bumstead has an acre of Khalasa dates known as "the most valuable acre of farm land in the world." It has been conservatively estimated to be worth more than \$30,000. The Khalasa date is the most valuable of several types of the fruit. Its shoots sell for from \$25 to \$100 each, and Arabian rulers have forbidden their export under penalty of death. One tree will produce from 300 to 900 pounds of dates a season.

several months in promoting boxing matches.

He had been active in the boxing game for years, at one time having been manager of Johnny Wilson, former middleweight champion, and was the discoverer of Jack Delaney, the boxer, whose contract he sold to Pete Riley for \$50,000. Recently he had been manager of Jack Gagnon, Boston heavyweight.

### MAN JUMPS FROM PLANE TO SEA AND IS SAVED

San Diego, Cal., June 25.—(P)—Lieutenant Paul M. Clyde aviator of the United States battle fleet, was rescued from the waters of the Pacific near here last night after making a parachute jump from a plane when it developed trouble.

Two sailors reported having seen the parachute descend to the surface of the water and a large searching

party, made up of both army and naval forces, headed for Point Loma, where the parachute struck the water. Lieutenant Clyde, sighted from the barge of Rear Admiral H. V. Butler, was pulled aboard. He had been in the water three and a half hours.
